Prime Minister's Office of Malaysia

Supported by

MESSAGE FROM CHAIRPERSON

This is a historic event for all of us. It is the first time that Malaysia is hosting the WAPOR Asia Conference. WAPOR Asia is of course, the chapter, for the World Association for Public Opinion Research founded in 1947.

Asia has affected the growth of public opinion over a period of years. The practice of elections in various countries in Asia has made it possible for public opinion to develop. Hence political parties, politicians and governments have relied on public opinion to gauge the sentiments of the people toward the issues of the day.

Public opinion and public opinion research is not about elections. They are part of data collection on social issues and problems. Concerns on the level and structure of poverty in different countries are provided for through research being conducted by public opinion research organisations.

The changing media landscape has brought changes to public opinion as issues are projected through the media. The media landscape has also affected the public opinion industry.

This conference has received support from various agencies. I must express my heartfelt appreciation to the Prime Minister of Malaysia, YAB Tan Sri Muhyiddin Mohd Yassin for his willingness to officiate our conference. I know the Prime Minister has a very tight schedule, attending to important functions and events but we are honoured that he has find time to be with us.

IIUM has been caring and concerned with our Conference. The Rector, himself, Professor Emeritus Tan Sri Dato' Dzulkifli Abdul Razak, and staff were always there to help us. I must pay our appreciation to the Information Technology Division (ITD) and staff, in particular its Chief Information Officer, Professor Dato' Dr. Norbik Bashah Idris for their splendid assistance. The Dean and staff of the Kulliyah of Islamic Revealed Knowledge and Human Sciences (KIRKHS) have also been most helpful.

We were able to get the services and special sponsorship of Netisia Digital Technologies, in particular, I would mention Abdul Hadi Haji Baharom for his willingness to come forward and assist us.

We acknowledge the sponsorship of the Prime Minister's Office, Permodalan Nasional Berhad (PNB), and Bank Muamalat Malaysia Berhad. We say thank you to our supporters, Merdeka Center, KAJIDATA, CVoter and Social Weather Stations (SWS).

Syed Arabi Idid

Representative WAPOR Asia (Malaysia)

**WAPOR Asia 3rd Annual Conference
November 9 – 10, 2020**
